The Hudson Junior Rifle Team Wants New Members

The Hudson Fish and Game Club, NH Junior Rifle Team has SIX openings available for juniors, age 12 or more, for the upcoming year. This is a competitive paper target shooting program. The new members become part of the Team who currently hold individual and team State and National titles.

Rifle is an Olympic sport. New members will be trained for smallbore .22 rifle and precision air rifle competition in this style. We will teach 3 Position competitive rifle from the beginning using NRA programs and materials. Coaching staff includes 6 NRA Certified Rifle Coaches and two additional coaches with years of match experience. No previous rifle experience is necessary. All you need is a desire to shoot and a desire to compete.

Once basic marksmanship skills are learned, new shooters will participate in both indoor and outdoor match competition. Travel to other states is expected but is within New England in most cases.

The Hudson Junior Rifle Team will supply the .22 rifle and basic equipment for the beginning marksman. Some parental involvement may be needed (match transportation, occasional help during practice, etc.). The only cost for the beginner is a monthly membership fee of only $25.

Practices will be at the Hudson Fish and Game Club on Wednesday or Thursday nights 6 – 9 PM beginning in mid September. A two night rifle clinic will also be held before the beginning of September. The clinic is a great way to learn about our rifle program.
