The Hudson Fish and Game Club Junior Rifle Team Looking for New Talent!

The Hudson Fish and Game Club, NH Junior Rifle Team has a few openings available for juniors, age 10 and up, for the upcoming year. This is a competitive paper target shooting program. The new members become part of a Team which holds individual/team State and National titles.

A two night rifle clinic will be held September 14-15 from 6pm to 9pm. The clinic is a great way to learn about our rifle program and meet the coaches and team. Cost of the clinic is just $10.

Rifle is an Olympic sport. New members will be trained for smallbore .22 rifle and precision air rifle competition in this style. We teach 3 Position competitive rifle from the beginning using NRA programs and materials. Coaching staff includes NRA Certified Rifle Coaches and Instructors. No prior rifle shooting experience is necessary. All you need is a desire to shoot and compete.

Once basic marksmanship skills are learned, new shooters will participate in both indoor and outdoor match competition. Travel to other states is expected but is within New England in most cases.

The Hudson Junior Rifle Team will supply the .22 rifle and basic equipment for the beginning marksman. Parental involvement is required (match transportation, help during practice and matches, etc.). The only cost for the beginner is a monthly fee of $40.

Practices are held every Wednesday and Thursday night from 6 to 9pm at the Hudson Fish and Game Club beginning in mid September.

Please contact HFGJRT Director Bill Dutton at bill@williamdutton.com or 617-594-2194 for more information.
